Casual Coffee

The **Tie table by Bonaldo** has a lightweight appearance thanks to the thin silhouette of its bent sheet metal feet. Since the table design is rather minimalist, this piece would be the perfect choice for homeowners who enjoy styling their coffee tables with bold decor pieces. The tabletop comes in five finishes, while the legs are available in seven colours.

The Bonaldo Tie coffee table can be found at XZQT, price upon request. For more information, check out www.xzqt.com.sg, or call 6774-8031.

With Caesarstone's plethora of colours, styles and motifs, you are sure to find a design that's perfect for you and your home.

A Natural Look

Achieve the feel of natural materials in your home with the Pergo Vinyl Planks & Tiles range from Timplex. Due to the sealed exterior of the vinyl planks, dirt is unable to penetrate the surface, so you can clean most stains with just water! On top of that, it comes with new click joint technology that makes installation fuss-free – just fold it down and snap it into place. The Modern Nature Oak plank (pictured) is just one of many colours available.

Prices for the Pergo Vinyl Planks & Tiles range are available upon request. Call 6898-1120 or e-mail info@timplex.sg.
